Website Privacy Policy

SGT University (SGTU) honors the privacy of its website visitors by safeguarding their privacy. This website privacy policy covers handling any personal or identifiable information of visitors collected by the University during their registration process for any of its rendered services.

Non-disclosure of information

SGT University does not sell, share, or disclose any information gathered through the website with any third parties, persons, or organizations. Only a designated and appointed team by the University uses the data for improved services or upgrading the SGT University website.

Type of Information Collected

SGT University collects information relevant to educational services, classified as:

- Internet services
  - Internet domain
  - Type of browser
  - Pages visited on SGTU Website
  - Address of the previously visited websites that are linked to the SGTU website
- Type of operating system
- Date and time of the visit
- Name, email address, and contact details while filling out the admission query or registration form.

Cookies and third-party trackers

SGT University uses cookies or third-party trackers to provide services to its end-users or improve the website. Visitors can either accept or choose to ignore the cookies. SGT University does not share the collected information through these cookies or third-party trackers with any organization or persons.

Security

SGT University values the personal information of each visitor and strives to use commercially acceptable means of protecting it.

Changes to this policy

SGT University reserves the right to amend, modify, or revise this Website Privacy Policy by part or whole whenever necessary, followed by uploading such changes on the SGT University website.
