ABOUT FACULTY OF NATUROPATHY & YOGIC SCIENCES

The professional Bachelor of Naturopathy and Yogic Science (BNYS) program, started in 2019 at SGT University through the Faculty of Naturopathy and Yogic Sciences (FNYS), provides rigorous, systematic training, covering a well-planned course curriculum that comprises comprehensive clinical training supported by advanced teaching, leading to groundbreaking workouts in applied aspects of complementary alternative medicine. The BNYS program trains budding naturopaths for the future of medicine with a serious commitment to contribute towards the globally accepted concepts of integrative holistic healthcare and delivery.

WHAT MAKES US STAND OUT?

- 1. Academic Excellence:** Providing a holistic curriculum that emphasizes quality academic standards and creates and sustains a personalized environment to support students' innovations, intellect, ethics, social, and physical development.
- 2. Diversity and Inclusion:** Students get a chance to work and interact with people from all over the country, and the knowledge and diverse perspectives available contribute significantly to their growth.
- 3. Research and Innovation:** The faculty has 22 publications to its credit. Undertook an extramural research study that was funded by DST SATYAM.
- 4. Career Service and Industry Partnerships:** Faculty provides 100% placement assistance to eligible candidates through industry mentors in the form of mock interviews, industrial visits, workshops, industrial internships, bootcamps, and networking events with potential employers. Aligning students with industry requirements for placements and providing them with career services is supervised by CRC.

CAREER OPPORTUNITIES

Naturopathy, even as an emerging field, can still offer employment opportunities in:-

Entrepreneurship and private clinics | Academia and research | Government and private naturopathy and yoga colleges and hospitals
National AYUSH Mission | Corporations | Specialty clinics and stress management clinics | Holistic wellness centres

“This is a great community where I am exposed to traditional and modern medical systems. I am getting support from various experienced teachers for my academics and the opportunity to test my skills and uplift them further. Also, I have had opportunities to attend national conferences. And I have learned many things from there. I'm grateful for all the efforts our community has made for us so that we can grow.”
Parshant Sharma

“As a student at SGT College, I know the faculty members are knowledgeable and supportive, always going the extra mile to ensure their students receive the best education possible; their efforts make us do better.”
Kanishka
