## Brief Report of the programme:

The Environmental Committee, SGT University under the aegis of the Department of New and Renewable Energy & HAREDA had organized a workshop on “Renewable Energy and Energy Conservation” on November 17th, 2022 from 10:00 AM onwards at Block-B, TV Studio. The event was graced by Dr. Rajnish Wadhwa, Director, International Affairs Committee, SGTU. Shree Kuldeep Singh, Project Officer, Department of New & Renewable Energy, HAREDA and Mr. Ajay Jaiswal, Master Trainer, Dr. Archana Chaudhary, Chairperson, Environmental Committee SGTU and other official heads of SGTU. The participants were students from Faculty of Science, Faculty of Engineering and Technology, Faculty of Allied Health Sciences along with the Electricity and Maintenance department team of university.

The event started with lamp lighting and welcoming of guests with sapling, followed by national anthem. After introducing the house by the objective of workshop Dr. Rajnish Wadhwa, shared his experience and highlighted the role of renewable energy and mentioned the different projects taken up by students during SYNERGY-2022 and provide knowledgeable insight about the Renewable energy. Shree Kuldeep Singh, Project Officer, Department of New & Renewable Energy, HAREDA enlightened the participants about various schemes of New & Renewable Energy & HAREDA. He motivated the students for taking pledge to save energy in our day-to-day activities. Mr. Ajay Jaiswal Master Trainer, took a training session for the participants about the various simple and aggressive strategies in our day-to-day life which may lead to the effective conservation of energy. This workshop motivated and inspired the participants to save and conserve electricity which is very crucial for sustainable development.

The event concluded with the felicitation of resource persons with Memento. The program was highly acknowledged and appreciated by the participants and the guests of the event.

## Outcome of the Programme:

Participants of the event got to understand the importance of the renewable energy and the indication of it in our daily life. Also highlighted that our future is renewable energy, due to the ever decreasing levels of the non-renewable sources.
